Earl Abrams has spent a lot of years on the road, five of them driving as a team with his wife, Laura. They were searching for the perfect team truck. What they found was the Volvo VT 880.

“We were ready to trade in our 2001 Western Star, and had looked at a lot of trucks. While traveling through Iowa we saw a Volvo VT 880 on display at a Volvo dealership and decided to stop in for a look and a test drive. That was it. We knew we had found our truck. A friend then told me they had one at Allentown Truck Sales & Service, which was close to our home, and that’s where we ultimately bought our VT 880.

In my 37 years of driving, I’ve never been in a truck as tight as this one, or that rides as well as this one does. Ride is an important factor for teams, and so are the interior amenities. The overall spaciousness, visibility and comfort in this VT 880 are unmatched. If you hear air in this truck, you’d better look for an open window, because that’s the only time you’ll hear it. It’s the tightest, quietest truck we’ve ever been in. And Laura finds it very easy to drive.

We also like the comprehensive protection plan. It’s the best on the market right now. That was one of the things we researched well, and found nothing compares to Volvo’s Platinum warranty coverage.

If we had a quarter for every time we’ve talked to someone about this truck, we’d be rich. We answer questions from people wanting to see it everywhere we go. We tell them it’s the best truck we’ve ever had.

To tell the truth, I never in my life thought I’d own a Volvo. Now I can’t imagine owning anything else.”
