

VOLVO CUSTOMERS TALK COMFORT & EFFICIENCY

“WE WANTED A VOLVO FOR THE SUPERIOR RIDE, AND GOT THE CLASSIC STYLING WE LOVE AS WELL.”

Mike Burton, Company Driver

Mike and Dee Burton have driven virtually every brand of truck made, but have never found one they liked as much as the Volvo 770 . . . that is until the Volvo VT 880 came along.

“We have been driving for Jim Digby at Erin Truck Ways for 15 years. Over the years we have driven a lot of trucks, including two Volvo 770s. In our opinion, Volvo is by far the superior truck. We run approximately 300,000 miles per year and we’re on the road for six weeks at a time. An important aspect of team operations is the ability for one driver to sleep while the other is driving. I have a very tough time sleeping in other brands. The ride just about beats you to death. But in our Volvo VT 880, the ride is so smooth I sleep like a baby.

We are fortunate in that every three or four years Jim Digby allows us to spec out our own truck. When we saw the photos of the new Volvo VT 880, we knew right away that this was the truck we wanted. We contacted our dealer, Volvo of Denver, and they had one in stock that met our requirements. We took delivery on September 21, 2005.

This new VT 880 is spacious and has all the comforts of home. We travel with our canine companions, Winston and Gus (who is a big Mastiff), and we all appreciate the extra space. It seems everywhere we go the truck draws a crowd. We have people coming up all the time, asking questions and wanting a look inside.

Anyone who has ever driven a Volvo is aware of its superior ride, and now the exterior styling is more appealing to owner-operators. On a scale of 1 to 10, our happiness level with our new VT 880 is a definite 10.”
